Jules JANICK receiving the highest honorific title of *Doctor Honoris Causa*,
UASVM Cluj-Napoca, September 30, 2010

You can find an exciting article of Professor Janick in the latest issue of *Notulae Botanicae Horti Agrobotanici Cluj-Napoca*, entitled “*Identification of Plants in the 1584 Murals of the Casa del Deán, Puebla, México*” (written by Arthur O. TUCKER and Jules JANICK). We will enjoy for another extremely interesting contribution of Professor Janick, with the special issue occasion (“*Were Juan Gerson the Illustrator and Gasper de Torres the Author of the Voynich Codex?*”, written by Jules JANICK and Arthur O. TUCKER)

Contribution presentation

For the special issue of *Notulae Botanicae Horti Agrobotanici Cluj-Napoca* (ISI Plant Sciences; [http://www.notulaebotanicae.ro](http://www.notulaebotanicae.ro)) will be selected about 40 papers for presentation, from which ten will be presented as oral contribution (10 minutes presentation and 5 minutes questions and answers). Because we intend to publish this special issue before conference, the selected papers as posters will be presented in fact only electronically, and will be projected approximately 3 minutes. In case of interest, each participant with this presentation can shortly present own contribution. Both selected contributions as oral or short communication (ppt, eg. 5-15 slides) will be published as full text in the ISI journal *Notulae Botanicae Horti Agrobotanici Cluj-Napoca*. Additionally contributions will be published in a special issue of *Notulae Scientia Biologicae*. More details regarding presentations will be provided later.
